

# NUTRIFRESH FARM TOUR

Where clean farming,  
Meets curious minds

[www.nutrifresh.co](http://www.nutrifresh.co)

Hydroponics • Sustainability • Modern Farming

# About Us

Nutrifresh stands at the forefront of India's Controlled Environment Agriculture space, pioneering a new era of agricultural innovation. We are dedicated to addressing three key challenges through our commitment to sustainable practices: enhancing food security, adapting to the unpredictability of seasonal changes, and adapting to the effects of climate change. Our journey is not just about crops, it's about building food systems that are future-ready, farmer-friendly, and environmentally responsible.

## Who Can Visit?

### Families & Food Lovers

Enjoy a fun, green outing with farm-fresh tastings and hands-on experiences.

### Students & Educators

Perfect for science and sustainability learning beyond the classroom.

### Chefs, Retailers & Entrepreneurs

Discover premium, year-round produce and transparent farm-to-fork processes.

### Business Professionals

Experience innovation in sustainable farming and agri-technology.

### Visionary Farmers

Learn innovative practices, explore scalable CEA models, and gain insights to modernize your own farming approach.

## Nutrifresh Farm Tour Highlights

Explore our farms up close on a guided 4-hour experience, where you'll learn how your food is nurtured from seed to harvest. See sustainable farming in action and understand what makes Nutrifresh produce truly fresh. Learn how technology and nature come together to grow safer, healthier food for your plate.

Experience a guided tour of our state-of-the-art hydroponic farms

Participate in hands-on Farm activities in our Polyhouses

Enjoy farm fresh lunch with Nutrifresh Veggie Salad

Taste freshly picked vegetables and herbs

Learn Real-world applications of STEM and sustainability

Discover how technology and nature work together

## Experience STEM Learning Through Sustainable Farming Innovations

### Deep Water Culture (DWC)

### Nutrient Film Technique (NFT)

### Grow Slab Zone

### Dutch Bucket

### Trellising Zone

### Vertical / A-Frame Farming

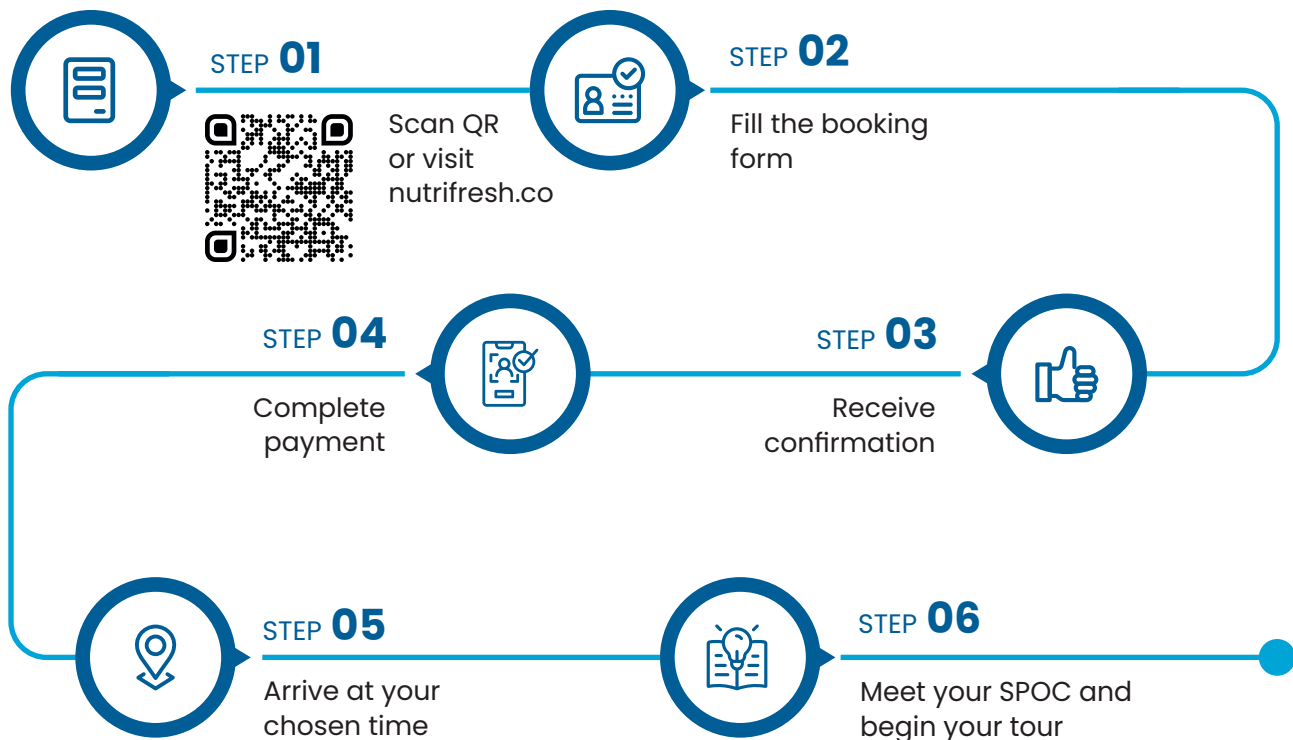

### Aeroponic Units

### Fertigation Unit
